

Next Generation Process Improvement News

focus on automation and acceleration

a Software Engineering Services publication

CALL FOR ARTICLES

Next Generation Process Improvement News is a new journal published to exchange ideas, concepts, lessons learned related to process improvement. You are invited to submit an article for consideration. Articles should provide the audience with information related to a specific theme as indicated in the Theme Calendar. Other articles will be considered with related ones receiving higher priority.

2008 Theme Calendar

Issue	Due Date	Volume Theme
June	May 15, 2008	Standard Processes and Benefits to Organizations
September	August 15, 2008	Organizational Changes and Performance Improvements
December	November 15, 2008	Automating Process Improvement
